

Thank you for participating in our 15th annual festival! We hope you will be back in 2012.
Just a few quick survey questions, if you have some feedback for us:

How did you hear about Riverside Festival of the Arts?

How were your show sales? – was it what you expected?

Please give us a ballpark of your sales (we are not reporting this to anyone; it is just for our own tracking):

Was anything disappointing?

What do other art festivals do better, that we don't – any ideas to improve the festival?

Would it be a better idea to have the festival one-day only – maybe Saturday 12-6? ...Then Sunday could be the raindate.

If you come across other artists that would be a good addition, or anyone that would like to volunteer with us please let them know about EastonRiversideFest.com
